Welcome back to the Hotel Colorado and the Upper Colorado River Chapter's 41<sup>st</sup> Anniversary.

Last year we had a very successful banquet which made it possible to donate many good causes including "Rally for the Valley" program in Glenwood, Sul Ross Foundation for the study of game animals, CBI Youth Program, River Deep Foundation for Veterans and Sanborn's outdoor youth program to name a few.

As you read through the program, you can go back to the HUNT INSERT for full details of each offering.

This year I had the privilege of hunting deer on an exclusive 5,600-acre ranch west of Vail, owned by an Argentinian investor and expertly managed by UCRC member Rob Bradford. The property is extraordinarily private and has become a true mule deer sanctuary — a hunting mecca that Rob has spent years managing with precision and care. His stewardship has produced some of the biggest mule deer in the country.

Each day we glassed hundreds of deer, including an impressive number of 180–200+ class bucks. I was invited on a friends-and-family hunt to take a cull buck, but the real joy was simply watching world-class trophies roam the landscape.

The experience extended well beyond the field. Rob hosted us in his Vail condo, where the accommodations were exceptional, and Tara, his wife, prepared meals that were nothing short of superb. The combination of remarkable deer, great company, and warm hospitality made it an unforgettable adventure.
